

WWW.KAPELLER-OFFICE.COM

COMPANY

We are an Austrian family business founded in 1956. The headquarter is located in Carinthia, which is a province in the south of Austria. Our core business is trade and marketing in the mineral oil and car care sector. The second branch of our family business comprises the income through purchase and sale of properties and the rental income from our own real estate. In the mid to long term we have the aim to expand our existing business portfolio. In addition, we focus on tapping into new business areas.
